

HR·Solutions

Executive HR Search with Vision, Connections & Expertise

HR Solutions Executive Search specializes in connecting talented HR leaders with HR executive positions at dynamic companies where Human Resources is a key business driver.

Your HR leader may need to be the best at attracting and engaging top talent, at implementing an M&A strategy, at reorganizing business units for maximum results, designing compensation to reward and retain talent or managing organizational performance to new levels. Whatever the pressing business result required, HR Solutions is equipped to find, attract and help you hire only those high performing individuals.

Guiding Principles

Our values are our Guiding Principles in conducting each search.

- Integrity – Honesty, fairness, and respect for candidates and clients
- Communication – Regular, purposeful, direct
- Creativity – Creating solutions for successful closure following our six step process
- Commitment – To do what we say we will do
- Deliver Our Best – Complete the assignment in a timely manner, with the HR leadership companies demand

HR Solutions Search Strengths

- Understanding organizational and leadership dynamics
- National sourcing expertise
- Asking the right questions and listening well
- Extreme attention to the career objectives of candidates
- Impeccable follow through during the search process
- Negotiation skills to successfully close assignments

Market: Retained search for HR executives and directors in general and specialty roles in small, emerging or large companies with or without established HR operations.

Leadership: Each of our offices has a highly experienced, sophisticated search professional leading recruitment and overseeing client relations.
